

## Nonmailable Articles in International Mail (Universal standard)

There are items that cannot be sent via international mail according to laws and treaties. For example, the items given below cannot be sent as an international mail throughout the world.

Please be sure that items that cannot be sent are not included in the mail item you are sending. The contents of mail items are checked through X-ray inspection after being accepted. When there is any item that cannot be sent via international mail included, the mail item may be sent back before being sent abroad.
